The Board of Directors has declared their support for and intent to comply with Section 504 of the Rehabilitation Act of 1973 prohibiting discrimination based on the presence of physical or mental challenges.

Within financial constraints, TGC shall not discriminate against handicapped persons including, but not limited to, individuals who are deaf, blind, confined to a wheelchair, or otherwise challenged by way of: 1) architectural design, 2) service availability, or 3) hiring procedures.

It is the desire of the Board that services delivered by TGC and job opportunities at TGC be made equally available to all individuals, regardless of disability. No action or contract entered into by the Board shall be discriminatory to physically or mentally challenged persons, either directly or in long-range effect.
